## **Patient Migraine History**

This resource is for informational purposes only. It provides examples of the type of information that may be required when submitting a prior authorization to a patient's insurance company and is not comprehensive of all information that may be required. Provision of this information does not guarantee approval or reimbursement. Coverage and policy information can change periodically and often without warning. The healthcare provider is solely responsible for determining coverage and reimbursement requirements and providing accurate and appropriate information regarding the medical history of their patients. This is not intended to be a substitute for or to influence the independent clinical decision-making of the prescriber.

Patient's Name:		Date of Birth:		Date:			
Insurance:	ance:		Gro	Group #:			
	SECTION 1	: Headache History					
1.1 On average, how long does	the patient's headaches	s last?					
□ 0 to 4 hours □ 5 to	8 hours □ 9 to	12 hours □ 13	3 to 24 hours	☐ 24+ hours			
▶ 1.2 On average, how many mig	raine days did the patie	nt experience per mor	nth over the past 3	s months?			
□ 0 to 4 days □ 5 to	14 days □ 15+	days					
▶ 1.3 Has the number of migrain	e days increased or decr	eased over the past 3	months?				
☐ Increased ☐ Decr	eased 🗆 Sam	е					
1.4 Describe the headache pair	ı.						
□ Aching □ Elect	ric 🗆 Dull	□Sharp		Throbbing/Pounding			
▶ 1.5 What symptoms has the particle Have they experienced oth			ches?				
☐ Inability to function normally ☐ Unilateral location ☐ Pulsating quality ☐ Moderate or severe pain intense	•	•	□ Other:				
▶ 1.6 Which diagnosis/diagnoses	has the patient been gi	ven for their headache	es, if any?²				
☐ <b>G43</b> Migraine ☐ <b>G43.001</b> Migraine without aura, not intractable ☐ <b>G43.011</b> Migraine without aura, intractable		□ <b>G43.111</b> Migrai	☐ <b>G43.101</b> Migraine with aura, not intractable ☐ <b>G43.111</b> Migraine with aura, intractable ☐ <b>G43.901</b> Migraine, unspecified, not intractable				
Note: Codes are provided for inform determining appropriate coding for inconsistent with FDA-approved use	treatment of their patients.						
▶ 1.7 List any contraindications	o any migraine medicat	ions:					
No organización de la contraction de la contract							
▶ 1.8 If the patient has disconting ☐ Efficacy/inadequate response	ued a migraine medicat ☐ Side effects/t		Other □ Other	pianation below:			
Explain:	i side effects/t	olerability	Li Oti lei				

## Patient Migraine History (cont'd)

Patient's Name	ne:			_ Date of Birth:			_ Date:					
SECTION 2: Acute/Abortive Medication History												
2.1 Has the pati	□Yes	□No										
2.2 Have they been seen by a specialist?							□No					
2.3 Identify all medications* that the patient has tried or is currently taking. In the space below, write how long they were on each medication and any positive or negative outcome(s).												
CGRP receptor antagonists (eg, rimegepant, ubrogepant) <sup>1</sup>	Combination th (eg, acetaminop aspirin, and caff	hen, dihydroerg	otamine, NSAIDs/	acetaminophen irin, ibuprofen)¹	Triptans (eg, sumatriptan zolmitriptan	,	Other
